Dear Philip,

I would like to extend a huge thank you from everyone at Farm Africa to everyone at the Endurance Rally Association, and all its generous donors, for your ongoing and much appreciated support.

Along with all the donations that flooded in from your London to Cape Town Record Run, the £1,820 raised from your recent Peking to Paris Motor Challenge means that the Endurance Rally Association has now raised a stunning total of approximately £35,000 for Farm Africa.

We are hugely grateful for every pound of that total. The money will be used to fund our work supporting smallholder farmers in eastern Africa, so they are able to grow enough food in ever more challenging circumstances and have enough left over to sell and to develop sustainable long term-businesses for their families and communities.

It is deeply inspiring to see how the thrill of the Africa Record Run has now created a lasting legacy of support that is benefitting the lives of so many of the communities in the countries you drove through.

With every best wish to you and everyone at the Endurance Rally Association.

Warmest regards and our sincere thanks,

Pam Williams-Jones
